

ROCKET 2007 ENTRY INFORMATION

Requirements & Layouts

Listed below are the requirements that each student will be expected to fulfill as a participating entrant to the 2007 Rocket Competition.

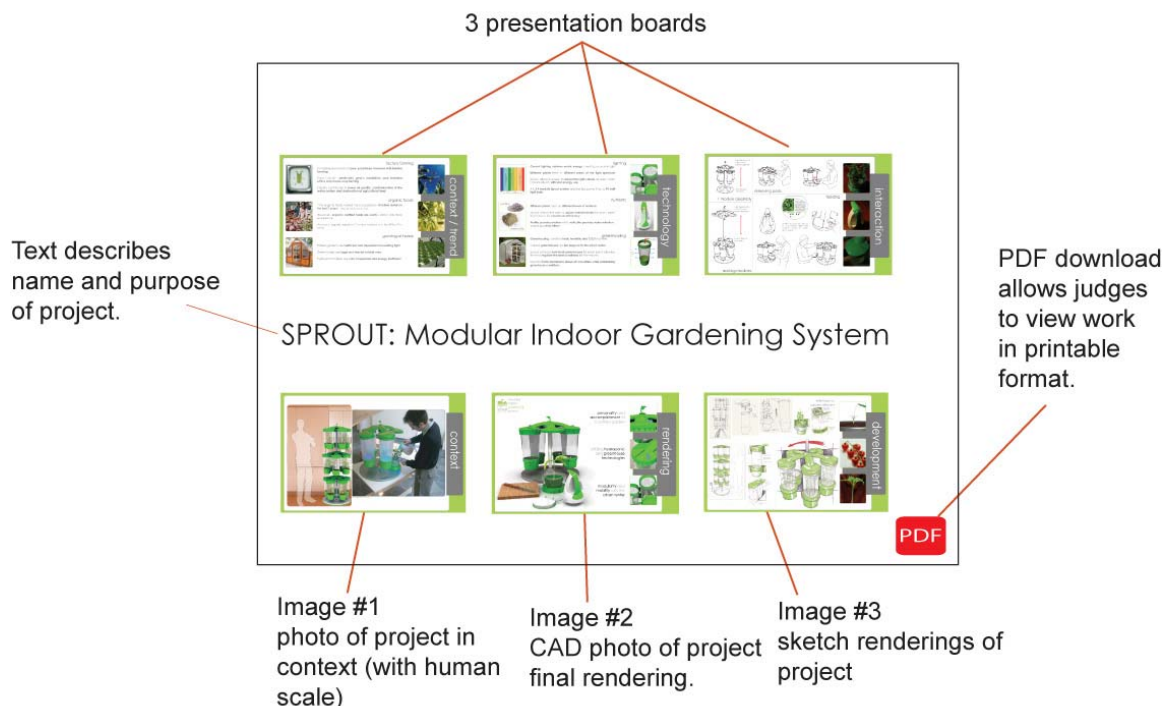

You will be required to upload this work to the Rocket FTP site, where it will be viewed on your personal Rocket webpage by our judges.

ENTRY REQUIREMENTS:

1. Three presentation boards
2. One photograph of the final model in use (with human scale)
3. One image of the final model as a CAD rendering (Solidworks, Rhino, etc.)
4. One page demonstrating sketch progression (min. of one final sketch)
5. 1-5 lines describing name and purpose of project.
6. Your contact information (email address and/or website link)

STUDENT ROCKET WEBPAGE

Each entrant will have their own webpage where the above work will be uploaded. Below is a sample layout showing how your work will be viewed. The format and design of this page were submitted by Mike Loveless, Rocket participant 2006, and are designed according to his aesthetic.

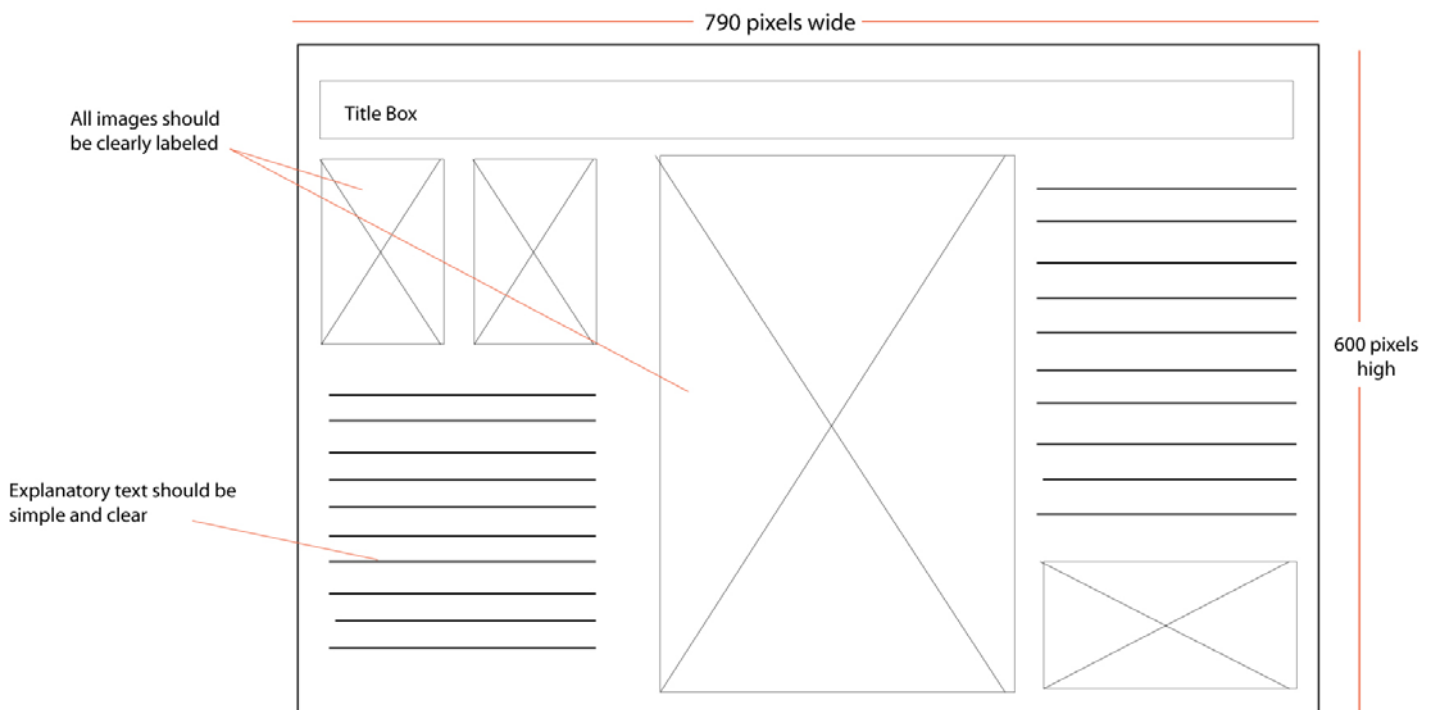

BREAK-DOWN OF WEBPAGE REQUIREMENTS

1. Presentation Boards (each 790 pixels x 600 pixels) – must be landscape format

FORMATTING GUIDE FOR PRESENTATION BOARDS

(3 boards in total will be entered please note: below is a **sample layout only**, the design is not absolute.

ABSOLUTE REQUIREMENTS!

- Boards must be landscape
- Minimum font size 14 pt. (any less will not be legible on website for judging)
- These presentation boards are your opportunity to describe your work, so use the space clearly
- Be sure to title each of 3 boards entered.
